 - (ii) the number of votes cast (by way of poll) against the resolution is not more than 10% of the votes attaching to all the H Shares held by the Independent H Shareholders;
- (c) minimum valid acceptance of the H Share Offer being received (and not, where permitted, withdrawn) by 4:00 p.m. on the Closing Date amounting to at least 90% of the H Shares held by the Independent H Shareholders;
- (d) all necessary authorisations, consents and approvals (including approval in-principle) of any governmental or regulatory body in relation to the H Share Offer (including its implementation) having been obtained and remaining in full force and effect pursuant to the provisions of any laws or regulations in Hong Kong, the PRC and other relevant jurisdictions;
- (e) no action, decision, order, proceeding, enquiry or investigation having been taken or made by any relevant government, governmental, quasi-governmental, regulatory body, court or agent that has the effect of making unlawful, void or unenforceable or otherwise prohibiting or restricting the H Share Offer (including its implementation) or imposing any material conditions or obligations with respect to the H Share Offer (including its implementation) (other than such action, decision, order, proceeding, enquiry or investigation as would not have a material adverse effect on the legal ability of BEH to proceed with or consummate the H Share Offer);
- (f) the granting of the waiver by the Executive from the requirements under Rule 2.2(c) of the Takeovers Code; and
- (g) the filing or approval of Beijing SASAC and NDRC and the registration of BAFE in relation to the H Share Offer having been completed and remaining in full force and effect pursuant to the provisions of relevant laws and regulations in the PRC.

None of the Conditions can be waived. As at the date of this Composite Document, none of the Conditions has been fulfilled.

All the issued Domestic Shares are held by BEH and parties acting in concert with it, namely BSCOMC, BIEE and BDH, and therefore no class meeting of Domestic Shareholders will be convened for the purpose of approving the Delisting and the Domestic Shareholders are not entitled to vote in the EGM to be convened for approving the Delisting.

LETTER FROM CSCI

According to the applicable PRC laws and regulations, the H Share Offer requires the filing or approval of Beijing SASAC and NDRC, the registration of BAFE and the other applicable governmental filings or approvals, and such regulatory requirements shall be complied with, irrespective of the funding arrangement mentioned in the paragraph headed “Confirmation of financial resources in respect of the H Share Offer” of this Composite Document. As at the date of this Composite Document, the Offeror has completed the filing with NDRC and submitted the application documents to Beijing SASAC for approval in relation to the H Share Offer. To the best knowledge of the Offeror, the approval of Beijing SASAC is expected to be obtained by early January 2021. Upon obtaining the approval of Beijing SASAC, the Offeror will register with BAFE and it is expected that the registration with BAFE will be completed by early February 2021. The above timetable for the approval of Beijing SASAC and the registration of BAFE is subject to changes and further announcement will be made in respect of any change. According to the applicable PRC laws and regulations, each of the filing or approval of Beijing SASAC and NDRC, the registration of BAFE and the other applicable governmental filings or approvals is required to be completed prior to the completion of the H Share Offer. Save as disclosed above, as at the Latest Practicable Date, BEH and the Company have not identified any governmental or regulatory approval required for the completion of the H Share Offer.

The Board confirms that as at the Latest Practicable Date, no third party consent in relation to the H Share Offer is required pursuant to any agreement to which any member of the Group is a party.

In addition to the Conditions set out above, the H Share Offer is made on the basis that acceptance of the H Share Offer by any person will constitute a warranty by such person or persons to BEH that the H Shares acquired under the H Share Offer are sold by such person or persons free from all third party rights, liens, charges, equities, adverse interests and encumbrances whatsoever and together with all rights attaching thereto as at the date of this Composite Document or subsequently becoming attached to them, and including the right to receive all dividends (whether final or interim) and other distributions, if any, declared and where the record date for such entitlement is on or after the date of this Composite Document.

The H Share Offer will be made in compliance with the Takeovers Code, which is administered by the Executive. Pursuant to Note 2 to Rule 30.1 of the Takeovers Code, BEH will not invoke any of the conditions above so as to cause the H Share Offer to lapse unless the circumstances which give rise to a right to invoke the condition are of material significance to BEH in the context of the H Share Offer. Except with the consent of the Executive, if any of the Conditions is not satisfied within 21 days of the first Closing Date or the date the H Share Offer becomes or is declared unconditional as to acceptances, whichever is the later, the H Share Offer will lapse.

Under the terms of the H Share Offer, the H Shares will be acquired with all rights attached thereto as at the date of this Composite Document or which subsequently become attached thereto, including the right to receive all dividends (whether final or interim) and other distributions, if any, declared, and where the record date for such entitlement is on or after the date of the Rule 3.5 Announcement and free from all third party rights, liens, charges, equities, adverse interests and encumbrances whatsoever.

LETTER FROM CSCI

As at the Latest Practicable Date, the Company has not declared any dividends, the record date of which falls on or after the date of this Composite Document. The Company does not have any intention to declare, make or pay any future dividends or make other distributions until the Closing Date.

Completion of the H Share Offer

The H Share Offer will initially be open for acceptances for at least 21 days from the date of the Composite Document. The latest time on which the Offeror can declare the H Share Offer unconditional as to acceptances is 7:00 p.m. on the 60th day after the posting of the Composite Document, being 1 March 2021 (or such later date to which the Executive may consent). Once all the Conditions have been satisfied, the H Share Offer will be declared unconditional in all respects and the H Share Offer should remain open for acceptance for not less than 28 days in compliance with the note to Rule 2.2 and Rule 15.3 of the Takeovers Code before the H Share Offer is closed in order to allow sufficient time for those H Shareholders who have not initially accepted the H Share Offer to accept the H Share Offer or to process the transfer of their H Shares.

BEH and the Company will issue an announcement in relation to the extension or lapse of the H Share Offer or the fulfilment of the Conditions in accordance with the Takeovers Code and the Listing Rules. The latest time on which BEH can declare the H Share Offer unconditional as to acceptance is 7:00 p.m. on the 60th day after the posting of the Composite Document, being 1 March 2021 (or such later date to which the Executive may consent).

WARNING

The Independent H Shareholders are reminded that if they do not accept the H Share Offer and the H Share Offer subsequently becomes unconditional in all respects and the H Shares are delisted from the Stock Exchange, this will result in the Independent H Shareholders holding securities that are not listed on the Stock Exchange and the liquidity of the H Shares may be severely reduced. Independent H Shareholders should take note that they may vote against the delisting proposal, and that if more than 10% of the Disinterested H Shares are voted against the delisting proposal, the H Share Offer will not become unconditional and the H Shares will remain listed.

REASONS FOR AND BENEFITS ON THE H SHARE OFFER AND THE DELISTING

Since the Company's business requires relatively high capital investments, equity financing is essential for the Company's long-term growth and maintenance of its market competitiveness. However, pursuant to relevant regulations imposed by SASAC, the Company has not been able to access capital through equity financing as its price-to-book ratio fell below one. Without external equity financing capability, the Company has lost the main advantage of a listing platform.

BEH is of the view that the privatisation of the Company will help enhance the flexibility and efficiency of the Company's future business development, and facilitate the integration of the business of the Company and BEH.

LETTER FROM CSCI

During the period from 6 January 2020 (i.e. six months preceding the commencement of the Offer Period) up to and including 28 December 2020 (i.e. the Latest Practicable Date), the highest closing price of the H Shares as quoted on the Stock Exchange was HK\$2.56 on 3, 9, 10, 17, 18 and 21 December 2020 and the lowest closing price of the H Shares as quoted on the Stock Exchange was HK\$1.07 on 23 and 24 March 2020. BEH believes that the H Share Offer, if implemented, offers all H Shareholders (excluding BEH and parties acting in concert with it) an excellent opportunity to realise their investments in the Company with relatively low liquidity at a cash consideration which represents an attractive premium over the market price of the H Shares. The H Share Offer also allows the H Shareholders to redeploy capital from accepting the H Share Offer into other investment opportunities that they may consider more attractive in the current market environment.

INTENTION IN RESPECT OF THE COMPANY

If the H Share Offer is completed, BEH intends that the Group will continue to carry on its existing business and, save for transactions in the ordinary course of business, does not expect there to be a redeployment of the fixed assets of the Group. Under current market conditions, BEH has no plans to effect any redundancies in respect of the employees of the Group (other than in the ordinary course of business). As at the date of this Composite Document, BEH has no plan for listing of the shares of the Company on the other stock exchanges after the Delisting.

Delisting

Upon the H Share Offer becoming unconditional, the Company will make an application for the Delisting in accordance with Rule 6.12 of the Listing Rules. The H Shareholders will be notified by way of an announcement of the date of the last day for dealing in the H Shares and on which the Delisting will become effective.

No right of compulsory acquisition

BEH has no rights under the laws of the PRC and the articles of association of the Company to compulsorily acquire the H Shares that are not tendered for acceptance pursuant to the H Share Offer. Accordingly, the Independent H Shareholders are reminded that if they do not accept the H Share Offer and the H Share Offer subsequently becomes unconditional in all respects, and the H Shares are delisted from the Stock Exchange, this will result in the Independent H Shareholders holding securities that are not listed on the Stock Exchange and the liquidity of such shares may be severely reduced. In addition, the Company will no longer be subject to the requirements under the Listing Rules and may or may not continue to be subject to the Takeovers Code after the completion of the H Share Offer depending on whether it remains as a public company in Hong Kong thereafter. Independent H Shareholders should take note that they may vote against the delisting proposal, and that if more than 10% of the Disinterested H Shares are voted against the delisting proposal, the H Share Offer will not become unconditional and the H Shares will remain listed.

The Offeror has applied to the Executive for a waiver from the requirements under Rule 2.2(c) of the Takeovers Code.

 - (ii) CRC and CPCR will not (1) sell or otherwise dispose of any of its H Shares; or (2)

LETTER FROM CSCI

Prior to entering into the Undertaking, CRC and CPCR did not have any relationship with the Offeror which may cause themselves being parties acting in concert with the Offeror. As a result of the Undertaking, CRC and CPCR are parties acting in concert with the Offeror for the purpose of the Takeovers Code. Therefore, none of the H Shares held by CRC and CPCR shall constitute the Disinterested H Shares and will not be voted on in the EGM and/or the H Share Class Meeting. As at the date of this Composite Document, no consideration, compensation or benefit in whatever form has been provided by the Offeror or parties acting in concert with it to any of CRC, CPCR or parties acting in concert with any of them in connection with the Undertaking.

No right of compulsory acquisition

BEH has no rights under the laws of the PRC and the articles of association of the Company to compulsorily acquire the H Shares that are not tendered for acceptance pursuant to the H Share Offer. Accordingly, the Independent H Shareholders are reminded that if they do not accept the H Share Offer and the H Share Offer subsequently becomes unconditional in all respects, and the H Shares are delisted from the Stock Exchange, this will result in the Independent H Shareholders holding securities that are not listed on the Stock Exchange and the liquidity of the H Shares may be severely reduced. In addition, the Company will no longer be subject to the requirements under the Listing Rules and may or may not continue to be subject to the Takeovers Code after the completion of the H Share Offer depending on whether it remains as a public company in Hong Kong thereafter. BSCOMC, the sole shareholder of BEH, directly owns 224,348,291 Domestic Shares, representing approximately 4.14% of the total issued Domestic Shares and approximately 2.72% of the total issued share capital of the Company. BSCOMC was established by Beijing SASAC as an enterprise owned by the whole people (全民所有制企業).

BIEE, a wholly-owned subsidiary of BEH, directly owns 92,654,249 Domestic Shares, representing approximately 1.71% of the total issued Domestic Shares and approximately 1.12% of the total issued share capital of the Company.

BDH, a wholly-owned subsidiary of BEH, directly owns 16,035,322 Domestic Shares, representing approximately 0.30% of the total issued Domestic Shares and approximately 0.19% of the total issued share capital of the Company.

BEH, BSCOMC, BIEE and BDH own the entire issued Domestic Shares.

BEI, a wholly-owned subsidiary of BEH, directly owns 471,612,800 H Shares, representing approximately 16.67% of the total issued H Shares and approximately 5.72% of the total issued share capital of the Company.

BEET, a company ultimately owned and controlled by Beijing SASAC and a party presumed to be acting in concert with BEH for the purpose of the Takeovers Code, directly owns 196,964,000 H Shares, representing approximately 6.96% of the total issued H Shares and approximately 2.39% of the total issued share capital of the Company. On 17 November 2020, BEET issued the BEET Confirmation and Undertaking in favour of BEH, pursuant to which BEET (i) confirmed that the H Share Offer will not be made to it; and (ii) has undertaken that it will not participate in the H Share Offer and therefore will not sell any of its H Shares to BEH.

Therefore, H Shares owned by BEI and BEET will not be voted on in the EGM and the H Share Class Meeting.

(4) Intention in respect of the Company

Set out below is the intention in respect of the Company as extracted from Letter from CSCI:

If the H Share Offer is completed, BEH intends that the Group will continue to carry on its existing business and, save for transactions in the ordinary course of business, does not expect there to be a redeployment of the fixed assets of the Group. Under current market conditions, BEH has no plans to effect any redundancies in respect of the employees of the Group (other than in the ordinary course of business). As at the Latest Practicable Date, BEH has no plan for listing of the shares of the Company on the other stock exchanges after the Delisting.

Delisting

Upon the H Share Offer becoming unconditional, the Company will make an application for the Delisting in accordance with Rule 6.12 of the Listing Rules. The H Shareholders will be notified by way of an announcement of the date of the last day for dealing in the H Shares and on which the Delisting will become effective.

No right of compulsory acquisition

BEH has no rights under the laws of the PRC and the articles of association of the Company to compulsorily acquire the H Shares that are not tendered for acceptance pursuant to the H Share Offer. Accordingly, the Independent H Shareholders are reminded that if they do not accept the H Share Offer and the H Share Offer subsequently becomes unconditional in all respects, and the H Shares are delisted from the Stock Exchange, this will result in the Independent H Shareholders holding securities that are not listed on the Stock Exchange and the liquidity of such shares may be severely reduced. In addition, the Company will no longer be subject to the requirements under the Listing Rules and may or may not continue to be subject to the Takeovers Code after the completion of the H Share Offer depending on whether it remains as a public company in Hong Kong thereafter. Independent H Shareholders should take note that they may vote against the delisting proposal, and that if more than 10% of the Disinterested H Shares are voted against the delisting proposal, the H Share Offer will not become unconditional and the H Shares will remain listed. The Offeror has applied to the Executive for a waiver from the requirements under Rule 2.2(c) of the Takeovers Code.

(5) Reasons for and benefits of the H Share Offer and the Delisting

(a) Losing the main advantage of a listing platform

With reference to the Letter from CSCI, since the Company's business requires relatively high capital investments, equity financing is essential for the Company's long-term growth and maintenance of its market competitiveness. However, pursuant to relevant regulations imposed by SASAC, the Company has not been able to access capital through equity financing as its price-to-book ratio fell below one. Without external equity financing capability, the Company has lost the main advantage of a listing platform.

We noted that the closing price of the Shares generally represented discount to the net assets value per Share in recent years. Set out below are the consolidated net assets value attributable to equity holders (“NAV”), market capitalization and price-to-book ratio (“PBR”) of the Company as at the relevant time for illustration:

	As at 30 June		As at 31 December			
	2020	2019	2018	2017	2016	2015

	30 June	2019	2018	2017	2016	2015
PBR (note 3)	0.47	0.43	0.64	0.75 (note 4)	0.94 (note 5)	1.17

Notes:

1. Based on RMB:HK\$ exchange rate of 1:1.15
2. Based on (i) the total number of Domestic Shares and H Shares and (ii) the closing prices of H Shares as at the relevant dates
3. Being market capitalization/NAV as at the relevant dates
4. Based on the closing price of H Shares as at 29 December 2017
5. Based on the closing price of H Shares as at 30 December 2016

According to the table above, the PBR of the Company decreased from approximately 1.17 times as at 31 December 2015 to approximately 0.47 times as at 30 June 2020. The PBR ratio fell below one as at the relevant dates since 2016.

Pursuant to 《關於規範國有企業改制工作的意見》(Opinions on Standardization of the Work Relating to the Reconstructing of State-owned Enterprises*) issued by SASAC in November 2003, the determination of transfer price of state-owned shares of listed companies should be subject to the listed companies' profitability and market performance, and such price should not be less than the net assets value per share. Based on the Directors' understanding, should the Company (being a listed subsidiary of BEH, a state-owned enterprise) conduct fund raising activity by way of issuing new H Shares at an issue price lower than its net assets value per share, the shareholding interest of BEH in the Company would be diluted at a price lower than the net asset value per Share, which may violate the Opinions on Standardization of the Work Relating to the Reconstructing of State-owned Enterprises.

In addition, with reference to the table above, the market capitalization of the Company decreased from approximately HK\$18.89 billion as at 31 December 2015 to approximately HK\$12.70 billion as at 30 June 2020. Despite the growth in the Group's business as illustrated in the section above (i.e. (i) revenue increased by approximately 14.24% from FY2015 to FY2019; (ii) profit increased by approximately 6.62% from FY2015 to FY2019; and (iii) net assets increased by approximately 56.75% from 31 December 2015 to 30 June 2020), the market capitalization decreased by approximately 32.80% from 31 December 2015 to 30 June 2020. The price of the H Shares (i.e. the market capitalization) did not reflect the growth of the Group's business.

(b) *Opportunity for H Shareholders to realise their investments in the Company*

With reference to the Letter from CSCI, the Offeror believes that the H Share Offer, if implemented, offers all H Shareholders (excluding the Offeror and parties acting in concert with it) an excellent opportunity to realise their investments in the Company with relatively low liquidity at a cash consideration which represents an attractive premium over the market price of the H Shares. The H Share Offer also allows the H Shareholders to redeploy capital from accepting the H Share Offer into other investment opportunities that they may consider more attractive in the current market environment.

4. Trading in Shares was halted with effect from 9:00 a.m. on 11 November 2020 and resumed at 9:00 a.m. on 18 November 2020.

As illustrated from the table above, the H Shares' trading volume was thin during the Review Period (in particular before the commencement of the Offer Period in July 2020). The Average Volume of H Shares traded in each month was (i) lower than 0.5% of the total number of H Shares in issue as at the Latest Practicable Date (except for July 2020, October 2020 and November 2020) and (ii) lower than 1% the total number of issued H Shares held by the Independent H Shareholders as at the Latest Practicable Date (except for November 2020).

The H Shares recorded significant trading volume on 7 July 2020 and 18 November 2020 following the publication of the Rule 3.7 Announcement and the Rule 3.5 Announcement respectively (i.e. 85,728,757 H Shares traded on 7 July 2020 and 178,227,480 H Shares traded on 18 November 2020, which were significantly higher than the respective monthly Average Volume). Save as that, the Directors advised us that they are not aware of any affirmative reasons for the aforesaid movements in trading volume of the H Shares (in particular the higher Average Volume in July 2020, October 2020 and November 2020).

(c) Others

With reference to the Letter from CSCI, the Offeror is of the view that the privatisation of the Company will help enhance the flexibility and efficiency of the Company's future business development, and facilitate the integration of the business of the Company and the Offeror.

(6) The H Share Offer Price

With reference to the Board Letter, the H Share Offer Price was determined after taking into account factors, including most recent published financial information of the Company and the Offeror's assessment of the Company's business, with reference to other privatisation transactions in Hong Kong in recent years.

According to the Composite Document, the Offeror will not increase the H Share Offer Price. Shareholders and potential investors of the Company should be aware that, following the making of this statement, the Offeror will not be allowed to increase the H Share Offer Price and the Offeror does not reserve the right to increase the H Share Offer Price.

6.2 Historical price performance of the H Shares

Trading in the H Shares was halted from 9:00 a.m. on 3 July 2020 pending the release of the Rule 3.7 Announcement. The Company published the Rule 3.7 Announcement after trading hours on 6 July 2020; and trading in H Shares was resumed on 7 July 2020. The closing price of H Shares increased from HK\$1.58 on 2 July 2020 to HK\$2.07 on 7 July 2020. Trading in the Shares was halted again before trading hours on 11 November 2020 pending the release of the Rule 3.5 Announcement. The Company published the Rule 3.5 Announcement on 17 November 2020; and trading in Shares was resumed on 18 November 2020. The closing price of H Shares increased from HK\$2.42 on 10 November 2020 to HK\$2.54 on 18 November 2020.

As confirmed by the Directors, save for the release of the Rule 3.7 Announcement and the Rule 3.5 Announcement, the Directors are not aware of any specific event that caused the substantial increases in H Share closing prices immediately after the publication of Rule 3.7 Announcement and the Rule 3.5 Announcement respectively. Hence, we consider that the aforesaid increases in H Share closing prices reflected the market reaction to the H Share Offer.

During the Offer Period (from 6 July 2020 until the Latest Practicable Date), the closing price of Shares ranged between HK\$1.92 and HK\$2.56.

We searched for listed companies in Hong Kong which are engaged in similar line of business as the Company, being the clean energy power and heat generation business in the PRC. - (ii) the H Share Offer Price represents (a) a premium of approximately 5.88% over the closing price as quoted on the Stock Exchange on Latest Practicable Date; (b) a premium of approximately 11.57% over the closing price as quoted on the Stock Exchange on the Last Trading Day; and (c) a premium of approximately 70.89% over the closing price as quoted on the Stock Exchange on the Rule 3.7 Announcement Last Trading Day;

we consider the H Share Offer Price to be fair and reasonable.

RECOMMENDATION

In relation to the H Share Offer and the Delisting, taking into account the factors as discussed above, in particular:

- (i) The Company's PBR fell below one in recent years, the Company has not been able to access capital through equity financing pursuant to relevant regulations imposed by SASAC;
- (ii) The price of the H Shares (i.e. the market capitalization) did not reflect the growth of the Group's business. As mentioned above, the market capitalization of the Company decreased from approximately HK\$18.89 billion as at 31 December 2015 to approximately HK\$12.70 billion as at 30 June 2020. Despite the growth in the Group's business (i.e. (i) revenue increased by approximately 14.24% from FY2015 to FY2019; (ii) profit increased by approximately 6.62% from FY2015 to FY2019; and (iii) net assets increased by approximately 56.75% from 31 December 2015 to 30 June 2020), the market capitalization decreased by approximately 32.80% from 31 December 2015 to 30 June 2020;

-
-
- (iii) The trading liquidity of the H Shares was relatively low (in particular before the commencement of the Offer Period in July 2020). Independent H Shareholders (especially those with relatively sizeable shareholdings) may not be able to realise their investments in the H Shares at a price close to the Offer Price, in particular when they are going to dispose of their entire holdings. The H Share Offer (which is conditional upon, among other things, the passing of a resolution by the Independent H Shareholders approving the Delisting at the EGM and the H Share Class Meeting) provides an exit alternative for the Independent H Shareholders who would like to realise their investments in the H Shares;
- (iv) As concluded in the section headed “The H Share Offer Price” above, the H Share Offer Price being fair and reasonable taking into account the following factors (despite that the H Offer Price represents a discount to the NAV per Share as at 31 December 2019, 30 June 2020 and 30 September 2020):
- The H Shares had been trading at discount to the NAV per Share (i.e. the PBR ratio of the Company fell below one as at the relevant dates since 2016);
 - The H Share Offer Price is above the closing price of the H Shares as quoted on the Stock Exchange during the entire Review Period;
 - The implied PER of the H Share Offer is within the PER range of the Comparable Companies, and is higher than the average of the PERs of the Comparable Companies;
 - The implied PBR of the H Share Offer is at the high-end of the PBR range of the Comparable Companies;
 - The LTD Premium and the 30-days Premium fall within the relevant ranges of the Privatisation Cases and are higher than the relevant averages of the Privatisation Cases;
- (v) The H Share Offer Price represents premiums over recent closing price of H Share as disclosed under the section headed “H Share Offer Price comparison” above. As aforementioned, the substantial increases in H Share closing price immediately after the publication of Rule 3.7 Announcement and the Rule 3.5 Announcement reflected the market reaction to the H Share Offer. After considering the trend of the H Share closing price before the Offer Period, there is no guarantee that the H Share price will remain at a level close to the H Share Offer Price should the H Share Offer lapse. Having considered the aforesaid and taking into account factors (ii) to (iv) above, the H Share Offer represents a good opportunity for Independent H Shareholders to realise their investment at a premium to recent closing price of H Shares,

we consider that (1) the H Share Offer (including the H Share Offer Price) is fair and reasonable, (2) the terms of the Delisting are fair and reasonable, and the Delisting is in the interest of the Company and the Shareholders as a whole, and (3) the Delisting is in the interest of the Independent H Shareholders. Accordingly, we recommend the Independent Board Committee to advise the Independent H Shareholders to (1) accept the H Share Offer; and (2) vote in favour of the Delisting resolution at the H Share Class Meeting and the EGM.

The Offeror has no rights under the laws of the PRC and the articles of association of the Company to compulsorily acquire the H Shares that are not tendered for acceptance pursuant to the H Share Offer. Accordingly, the Independent H Shareholders are reminded that if they do not accept the H Share Offer and the H Share Offer subsequently becomes unconditional in all respects, and the H Shares are delisted from the Stock Exchange, this will result in the Independent H Shareholders holding securities that are not listed on the Stock Exchange and the liquidity of the H Shares may be severely reduced. In addition, the Company will no longer be subject to the requirements under the Listing Rules and may or may not continue to be subject to the Takeovers Code after the completion of the H Share Offer depending on whether it remains as a public company thereafter. Independent H Shareholders should take note that they may vote against the delisting proposal, and that if more than 10% of the Disinterested H Shares are voted against the delisting proposal, the H Share Offer will not become unconditional and the H Shares will remain listed.

We would also like to remind the Independent Board Committee to remind the Independent H Shareholders to closely monitor the market price and liquidity of the H Shares during the offer period, and consider selling their H Shares in the open market, where possible, instead of accepting the H Share Offer, if the net proceeds from such sales exceed the net amount receivable under the H Share Offer.

As different Independent H Shareholders would have different investment criteria, objectives and/or circumstances, we would recommend any Independent H Shareholders who may require advice in relation to any aspect of the Composite Document, or as to the action to be taken, to consult a licensed securities dealer, bank manager, solicitor, professional accountant, tax adviser or other professional adviser.

Yours faithfully,
For and on behalf of
Gram Capital Limited
